

# Veterans Honoring Veterans

## Devotion to Duty Story

---

Members of the "Veterans Recording Their Stories" group are available to record and document any veteran's service experience. We are a group of veterans and non-veterans who appreciate the importance of documenting each veteran's experiences to educate others and to share their stories with family and friends.

The group will create a book titled "Devotion to Duty Story" which contains pictures and notes provided to the interviewer. We will interview and write the veterans story and include photographs of memorabilia provided to the interviewer. The group will pay for all costs associated with producing the story.

If you know a veteran interested in sharing their story, please contact:

Elie Levy, Ph.D. at (562) 230-3334 or you can email him at: [thelevylaunch@yahoo.com](mailto:thelevylaunch@yahoo.com)

or you may contact Chuck Geitner at (714) 519-3169
